Notes:

- 2007 NIMS compliance requires the completion of 23 elements for local governments. Complete NIMS compliance requirements are available at <http://www.fema.gov/emergency/nims/index.shtm>.
- Independent Study courses are available at <http://training.fema.gov/EMIWeb/IS/crslist.asp>.
- Personnel already ICS trained do not need retraining if their previous training is consistent with the Department of Homeland Security (DHS) standard. ICS training sponsored by the Emergency Management Institute, National Fire Academy, National Wildfire Coordinating Group, U.S. Department of Agriculture, Environmental Protection Agency, and U.S. Coast Guard follows the DHS model.
- Through agreement, the Virginia Department of Emergency Management (VDEM) conducts free ICS training for the law enforcement community, supports academy ICS training, and trains law enforcement ICS instructors. ICS training conducted under the authority of VDEM meets the DHS standard.
- Completion of Basic ICS (IS 195, V 200, or V 190) meets the learning objectives of both ICS 100 and ICS 200.

Please see the respective agency Web site for availability of NIMS and ICS training:
